Woodview, Ontario

Dear Henry,

We're long overdue in writing to tell you how much we love the cottage you built.

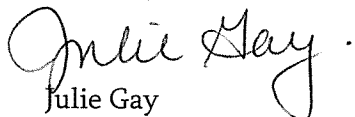

Everyone who has seen our Colonial Concepts cottage has nothing but compliments about how beautiful it is not just the building itself, but also how well it fits into the environment. The view on to Chandos Lake is breathtaking.

As you know, Lawson is a residential and commercial builder himself. I know working with and pleasing a fellow builder is no small task, well done Henry.

Thank you for the beautiful cottage! We are looking forward to the years of enjoyment ahead.

Also, please don't hesitate to use us as references if you wish.

Sincerely,

  
Julie Gay
